

IMPOSTER WARNING

We have received a report from the Wichita area that someone is claiming to be a licensee from Topeka and he is requesting the lockbox code information for a legitimate listing to gain illegal access to the property. This person is NOT a licensee.

The person in question has given his name as “Johnny McCool” and has indicated he is affiliated with “Kingston Realty” or “Kingman Real Estate” of Topeka. There is no Kingston Realty and the brokers of Kingman Real Estate Referrals in Topeka and Kingman Real Estate in Kingman have never heard of Mr. McCool. Although the phone numbers he provided are working numbers, none of them actually belong to him.

Please make it a practice to verify licensure before giving out lockbox codes or other confidential information.

If you are contacted by anyone trying to impersonate a licensee, please report it to the Commission immediately at 785-296-3411.
